With our top evaluators and specialists, we will be able to accurately analyze the value of your case and will be able to meet all of the rules, requirements and deadlines that have to be met.

Did you know that insurance companies pay much more s much twice the compensation when an attorney is involved in a claim? **Roy Macaluso**

was once an Attorney for Major Insurance Companies and understands what Insurance Companies base their decisions upon in a claim.

How much will an attorney cost?

Fusco & Macaluso strongly believes all cases may have merit and will take the case without payment up front- on a contingency basis, and will negotiate to receive a percentage of your award if and when you recover for your injuries.

How will my claim be processed?

Lawsuits usually become necessary when there are disagreements with the other

party's insurance company over who caused an accident or how serious the injuries are. Although most of us would prefer to avoid filing a lawsuit it is sometimes necessary to pursue litigation to get full value for your claim. DO NOT sign any documents without prior review by the team of experts at Fusco & Macaluso.

How long before I have to hire an attorney?

WITHIN 90 Days! For these reasons, it is important to consult **Roy Macaluso**, an expert in this field, having been on the other side of the courtroom in these cases. It is extremely important that you contact us as early as possible to be sure you don't miss a crucial deadline.

Within 2 YEARS! .In New Jersey, an action for personal injury or wrongful death generally must be brought two years from the date when the cause of action accrues. A wrongful death accrues on the date of death.

Our Laws DO Work for YOU!

What damages can I recover?
The Laws of Personal Injury include entitlements to recover for actual damages, wrongful conduct, losses such as costs of reasonable and necessary medical care, property damage, car rental expenses, costs of domestic services, and loss of earnings. The law can be able to give your compensation for future medical and care expenses. You may also be entitled to non-economic damages such as for physical pain and suffering, mental and emotional suffering, physical impairment, inconvenience, disfigurement, loss of enjoyment of life, loss of consortium (disruption of your personal relationship with your spouse), etc.

How can I determine how much my claim is worth?

All Attorneys are prohibited from promising a client that they will obtain a certain amount of money. A claim is value based upon estimates of what a jury would believes the case to be worth. Sometimes there will be considerable compensation for injuries if they are found to be severe with extensive medical treatment, that includes absences from work or serious permanent injuries. Especially if you were a healthy young worker prior to the accident, your compensation increases.

Please don't hesitate to take action today and protect your rights under the law.
